SOLARTECH PRODUCT LITERATURE & PRICE LIST

Imagine the systems which provide heating, lighting energy, security, free of cost, round the clock throughout the year for years to come at the locations where there is scarcity of conventional source of energy or energy supply is costly, with just one time initial investment. The systems which require negligible maintenance :-

And what you have are the Solartech Heating, Lighting, Security & Surveillance Systems utilizing Solar & Wind Energy which is clear, safe, environment friendly, available free and is in abundance in our country.

“Solartech Systems which are ECO-friendly, Pollution free & Energy Saving are proprietary item of Solartech Group of Companies who are its Original Equipment Manufacturers.”

Solartech Group was formed in 1985 to serve the public by making high quality Solar equipment available to customers, who want to join the search for the safe and sane energy future. Solartech group has devoted a great of resources and old-fashioned hard work to the tasks of research, development, treating & quality control. Solartech has done this to provide the buyer the best possible Renewable Energy equipment consistent with today's proven technologies, in the line with our philosophy and to give them assurance we believe they are entitled to receive.

We are on DGS&D Rate Contract for Solar Lighting System & Solar Water Heating Systems. We are also on Rate Contract with no. of other state Nodel Agencies, like HAREDA, JAKEDA, NEDA, PEDDA, DST CHD. Admin. RRECL etc., for various solar systems.

BIS/SEC., MNRE (GOI) tested & approved Solar Energy Devices

SOLARTECH PV LIGHTING SYSTEMS :

- Solartech Hand Held Lantern/Emergency Light (CFL/LED)
- Solartech Power plants, Standby Power Supply
- Solartech Home/Indoor Lighting Systems (CFL/LED)
- Solartech Universal Battery Charger
- Solartech Portable Battery Charger/Mobile Chargers
- Solartech Street Lighting System (CFL/LED)
- Solartech Glow Sign Boards
- Solartech Garden Lights (CFL/LED)
- Solartech Torches (Bulb/LED)

SOLARTECH PV SECURITY SYSTEMS :

- Solartech Hand Held Search/Dragon Lights
- Solartech CCTV Cameras, Biometric Systems
- Solartech Under Vehicle Viewing Mirror Trolley
- Solartech Traffic Lights, Blinkers, Road Studs
- Solartech Hand Held Rechargeable Torch
- Solartech Stand Alone Security Light
- Solartech Door Frame Metal Detector
- Solartech Powered Security Fencing
- Solartech Hand Held Metal Detector
- Solartech Guard Watch Monitor
- Solartech Beam Detector
- Solartech IR Sensor

SOLARTECH THERMAL SYSTEMS :

- Solartech Water Heating System
- Solartech Stills (For Distilled Water)
- Solartech Food Warmer, Cookers & Steam Cooking Systems
- Solartech Cabinet Driers
- Solartech Timber Seasoning Kiln.
- Solartech Space Heating Systems
- Solartech Swimming Pool Heating Systems

SOLARTECH WIND ELECTRIC GENERATORS :

- Solartech Wind Turbines
- Solartech PV Wind Hybrid Systems

SPARES & ACCESSORIES

- SPV Modules, Batteries, PCBs
- UPS & Invertors
- CFL/LED Luminaires
- Solar Flat Plate Collectors & its parts i.e. Insulation material, sleeves, Insulated Storage tank & Vessels, Ferrous & Non-ferous Fabrication Items, etc.

Avail the benefits of Solartech products based on Wind and Solar Energy which is available free and is in abundance in India. The investment cost of Solartech Systems is recovered in 2-3 years by saving in electricity/fuel bills.

Soft loan @ 2% to 5% on SWHS and 80% depreciation benefit in Income Tax is available on all Solartech Renewable Energy Systems alongwith Govt. subsidy as per Govt. Policies announced from time to time.
